

AMPHL Social Network (Facebook, Twitter, etc.) Rules:

1. All posts should be respectful and non-judgmental. Posts that are deemed inappropriate by the moderators (as far as language, length, content, or intent) will be deleted.
2. Posts must relate to medical professionals with hearing loss, not hearing loss in general.
3. No advertising without prior AMPHL board approval.
4. No job announcements may be posted.
5. DO NOT discuss current or pending litigation; doing so here will only hurt the case.
6. Requests for research participants must be approved by AMPHL board before posting. These requests will require evidence of Institutional Review Board (IRB) approval.

AMPHL reserves the right to remove posts that violate the above rules or that are not consistent with AMPHL's mission. Violators are subject to removal from AMPHL's social network groups at the moderators' discretion.
